

600 WIFI DATA COLLECTOR

Robust error-proofing data collection that clarifies complex auditing routines and reduces operator uncertainty and guesswork.

SAVE LABOR COST & REDUCE REWORK

INSTANT DOWNLOAD/UPLOAD DATA – Download the latest inspection plans or upload collected data at any time using a corporate WIFI network.

CLEAR VISUAL AUDIT AIDS – Task-specific, step by step directions and illustrations reduce the time required to perform audits, collect data and train new employees.

GUARANTEED DATA ASSURANCE – Eliminate the headaches from bad cables sending intermittent data. WPA-2 Encryption from collector to network.

OPERATION AND OPERATOR BENEFITS

HIGH RESOLUTION COLOR LED:

Provides detailed, on-screen instructions for operators, reducing uncertainty and error.

REPORTING (OPTIONAL):

- Web based – powerful reporting capabilities provided in real time audit status and completion summaries. Immediate access to audit and test plan results across the plant or across the globe.
- DAR (Data Analysis and Reporting) – provides statistical reports that can identify a trend before the error condition develops.

COST BENEFIT ANALYSIS – LABOR TRANSIT AND WAIT TIMES ELIMINATED.

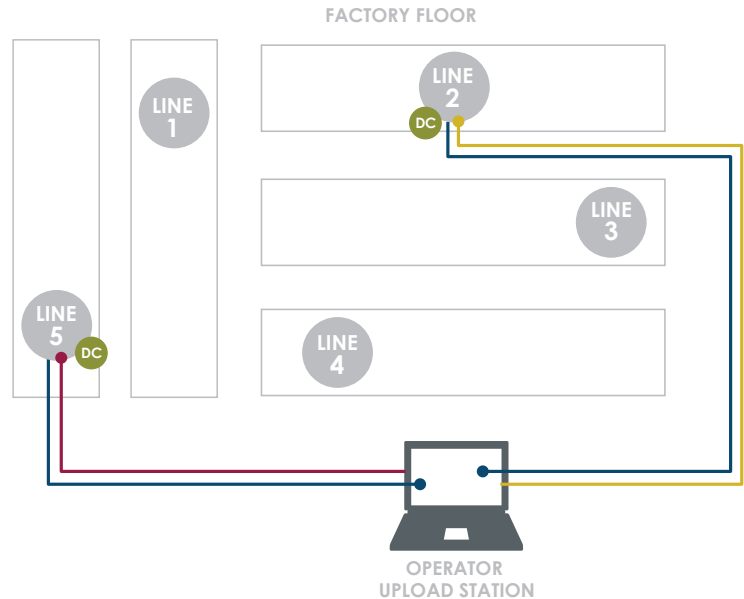

600 WIFI DATA COLLECTOR:

Able to download setups and upload collected data at the point of collection. ( Data Collected)

VERSES OLD METHOD

All these time consuming events are **eliminated**:

- ✘ Operator downloads setups before shift and goes to audit point. ()
- ✘ Operator goes back to computer station to upload data. ()
- ✘ If dispatched to another line, has to return to computer station to download new setups ()

600 DATA COLLECTOR OPTIONS

- Torque Measurement
- Digital Gaging
- LMI Applications
- Barcode Scanner
- MicroRidge wireless gaging
- Bluetooth wireless for Wireless LightStar
- WIFI + MicroRidge wireless gaging
- WIFI + Bluetooth wireless for Wireless LightStar

5 KEY REASONS YOU NEED TO UPDATE NOW:

1. **Labor savings** – eliminate labor inefficiency to cross factory floor to upload data or download new inspection plans
2. **Redirect labor quickly** – dispatch labor to next data points without having to come back in the office to download inspection plans or upload data
3. **Instant status notifications at your fingertips** – WIFI strength, in/out of spec readings, LED and sound prompts, trouble shooting aids
4. **Cost effective solution to measurement applications requiring portability**
5. **Rugged ABS plastic case and Gorilla Glass® construction** – engineered for years of peak performance
